APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion of the waters of Water Canyon as heretofore granted under Permit 26177 is issued subject to the terms and conditions imposed in said Permit 26177 and with the understanding that no other rights on the source will be affected by the change proposed herein. A substantial headgate and measuring device must be installed and maintained to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water under this proposed change at any and all times.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 5.4 cubic feet per second, but not to exceed a yearly duty of 4.0 acre-feet per acre of land irrigated from any and/or all sources.

Work must be prosecuted with reasonable diligence and be completed on or before December 13, 1984.

Proof of completion of work shall be filed before January 13, 1985.

Application of water to beneficial use shall be made on or before December 13, 1985.

Proof of the application of water to beneficial use shall be filed on or before January 13, 1986.

Map in support of proof of beneficial use shall be filed on or before January 13, 1986.
